### Franklin Road Streetscape Project Update

August 31, 2020 – Nowak & Fraus Engineers, Consulting Engineer for the Village of Franklin, would like to take this opportunity to update you on the status of the improvements to your neighborhood.

Last week, the contractor team continued along the east side of Franklin Road. Work included the completion of new storm drain structures and piping, and pavement and sidewalk removal, in anticipation of new grading for walks and curbs. Last week's rain slowed progress, but the contractor was able to clean up from that and continue. Additional work was completed including removal of storm debris to get drainage basins going again to help the flooded areas of the project.

The tasks anticipated for the week of August 31<sup>st</sup>:

- The contractor will continue with the removal of pavement and drives.
- Begin rough grading for proposed curbs and sidewalks.
- Forming for new sidewalk and curb installations toward weeks end, beginning at the north end and working south, on the east side.
- Conduit installations for new street lighting

With the upcoming holiday weekend, ASI will be cleaning up the work zone and making sure signs and barricades are in place. No work is planned over the long weekend.

If there are any specific concerns or questions regarding the project as we get started, feel free to contact Steve Sutton, Nowak & Fraus Engineers Project Engineer, at 248-635-6571 or email ([swsutton@nfe-engr.com](mailto:swsutton@nfe-engr.com)), or our on-site construction engineer, Mark Wilson, 248-635-6504 ([mwilson@nfe-engr.com](mailto:mwilson@nfe-engr.com)), at any time. To aid in communicating the progress of the overall project, and to advise on upcoming work that is scheduled, the Village has

created an email distribution list, for weekly email notifications. If you would like to be added to that list for notifications, please forward your email address to Eileen Pulker at [epulker@franklin.mi.us](mailto:epulker@franklin.mi.us).
