### LANDFILL CHECKLIST

An application for a permit shall be submitted to the Building Department and shall be accompanied by the following data / information:

- \_\_\_ A full identification of the applicant and all persons to be directly or indirectly interested in the permit if granted.
- \_\_\_ The residence and business address of the applicant and of all members of any firm or partnership and all officers and directors of any corporation applying.
- \_\_\_ A non-refundable application fee of **\$100**  
(The application fee shall be credited to approved permit fee of **\$150**)
- \_\_\_ A complete description and location of the property on which the work is proposed to be done, which description and location shall be prepared by a registered civil engineer or land surveyor.
- \_\_\_ **TWO (2)** topographical maps of the property on which the proposed work is to be done, covering an area having a radius of 300 feet, as far as may be possible, from the exterior boundary of the proposed site. Typically on a plan sheet, "hatching" is used to indicate removal areas while "shading" is used to show new areas or areas that are to be replaced.
- \_\_\_ The exact nature of the proposed excavation and soil to be removed or dumped and an estimate of the approximate number of cubic yards to be removed or dumped, this computation to be made by a registered civil engineer or land surveyor.
- \_\_\_ A statement of the manner in which it is proposed to dump or excavate and remove the soil or other materials, including the slope of the sides and the level of the floor, and the kind of equipment proposed to be employed in making such excavation and removing such material.
- \_\_\_ The proposed route which the applicant proposes to use over the public streets and over private property in transporting such materials.
- \_\_\_ The location of the place to which, and the name and address of all persons and firms to whom, the bulk of the soil and any materials from the excavation are to be sold or delivered, or similar information as to the soil or materials to be dumped.
- \_\_\_ The time within which such excavation or dumping is to be commenced after the granting of said permit and the time when it is to be completed.
- \_\_\_ Such further information as the Village Engineer or Village Council may require.
- \_\_\_ Follow up with Village Engineer for their report for council packets (office staff)
- \_\_\_ **\$5,000 landfill bond** which will be returned once the final inspection has been approved.
- \_\_\_ Applicant must deposit a certificate of a responsible indemnity company in the amount of **\$1,000,000** insuring the Village and the public against any loss or damage to persons or property arising directly or indirectly from the operations of the applicant, or any person acting on his or her behalf, in carrying on any work connected directly or indirectly with the issuance of said permit.

## LANDFILL APPLICATION

### Application Instructions

The property owner or authorized representative submits the completed application, topographical map, required fees and other documentation noted on the Landfill Checklist to the Building Clerk in the Village Office.

### Application Review

- (1) The Village Engineer reviews the application for compliance with all Village Ordinances. Once the Engineer has completed the review; the application, topographical map and recommendations of the Engineer shall be brought before the Village Council for discussion.
- (2) The Village Council hears comments from the applicant and the Engineer. Upon evaluation, the Village Council will approve or deny the application. Upon approval, a permit fee and bond will be determined at the discretion of Council. Upon denial, Council shall cite reasons for denial in a written statement.

**The applicant shall be responsible for 100% of all consultant fees incurred by the Village PLUS a 10% administration fee**
