The Fire fought for 4 and a half hours, it was supported and assisted by the FBFPD, Beverly Hills Department of Public Safety, the West Bloomfield Fire Department, the Novi Fire Department. The Oakland County Fire Investigation Unit was involved due to the size of the fire. No injuries to the homeowner or the first responders. Averbuch implored the public to have a monitored alarm system so the department can be notified in a timely manner at time of incident.
- Saenz asked why Averbuch was uncomfortable signing off on recent civic event requests. Averbuch stated that the FD had not been signing off on events since May and specifically due to COVID and the subsequent liability concerns as they are a private corporation. Not approval but a sign off that holds the FD in a position of liability. He also added that regardless of signing off or not, the FD is committed both by virtue and contractually to the responding to the needs of the community. Fraser mentioned that he and Staran are working on language in order to modify the event request documents to reflect protocols and guidelines to reduce Village liability under COVID conditions. Saenz stated the importance for an approval from our Police and Fire Chiefs of all civic events to ensure the safety of our community. Gallasch agreed.

VIII. SPECIAL REPORTS

A. President's Report

1. Downtown Discussion/Franklin Road

Hansen commented on the unexpected streetscape drain sewer replacement needs discovered during the project as they represent an additional, unanticipated expense to the project. Hansen expounded on the issues found and the necessity of improvements to correct the current, insufficient system and the replace it with an efficient drainage system. Fraser added that the storm sewer system had been long ignored and poorly maintained. He noted that a permit that has been pending since 2016 and needs immediate attention for the Village to be compliant.

Hansen mentioned that Mark Hanke had asked about a possible installation of an ice rink for the Village for this winter season. Gordon asked the cost. Hansen did not know the cost as it was not discussed. Hanke was asked if he knew of a cost. Hanke stated that he had purchased one before and it was about \$2,700.00 for the one he purchased which was 40X60. The lumber was around \$1,500.00 in addition to the forementioned cost. Lamott mentioned that regular maintenance was paramount in the decision to construct the ice rink as the Village had a rink in the past that was not adequately maintained. Moenck mentioned that safety needed to be addressed as well as a solid construction to protect our residents and the Library from run off when the ice melts. Fraser will investigate further at Hansen's request.

Gordon congratulated those who won the election as well.

Motion by Gordon, seconded by Seltzer to have an item on the November 16, 2020 agenda to nominate the appointment of Pam Hansen to fill the upcoming vacant council seat.

Saenz suggested that the Council wait until the new Council is installed to move to appoint Hansen specifically to the vacant seat. Gallasch asked Staran to speak to the appointment vacancy process.

Staran stated that the council needs to wait until the new Council President is in place at the organization meeting for an official agenda to suggest an appointment for the vacant seat.

Gallasch thanked the residents of Franklin for allowing him to serve over the years. Gallasch asked that the Council support each other and act in unity for the betterment of the Village.

Moenck inquired as to why a motion was required as it was already approved on the Bills List. Fraser clarified that there are several contractual obligations that require the Village to acknowledge receipt.

Fraser suggested the motion be amended to include additional verbiage to accept the statements from the contractor in terms of affidavits and so forth.

#2020-87 Motion by Seltzer, seconded by Gordon to approve the Proposed Change Orders #3 and #4, Asphalt Specialists, Inc.

Lamott asked about the cost for the split stone rock wall. Fraser stated that it is a replacement of the prior rusty stones that were in front of the Van Avery property. A slope was considered by upon review was not found to be a viable option. Lamott was concerned that the stones would also rust and negate the purpose.

Moenck asked what was in the original scope of work for that area? Fraser stated that the discussion had been not to put in a retaining wall but to create a slope. Moenck asked what the budget was for that? Fraser could not recall off the top of his head. Moenck asked if it was necessary and requested the initial amount to determine if is an unnecessary expense. Fraser estimated that the amount was around \$4,000.00 more than expected. He further clarified that the initial plans proved in effect to achieve the desired result to preserve the property. Moenck mentioned that there is always water draining even when there is no rain. Fraser will investigate it. Hansen added that there were another two (2) locations where a retention wall was needed and is consistent with the proposed design. Moenck asked about how erosion will be maintained. Fraser said it will need to be monitored and addressed as issues may arise.

G. The Process for the Appointment of Village Clerk.

Staran clarified that the Clerk will now be elected by the Village Council. Pulker will continue to assist until January 1, 2021. Fraser has instituted an experiment to see if Heather Mydloski, while working with Pulker and Martin to catch up on filing and record maintenance, would also be a good fit for the Village Clerk position. Fraser desires cross training to occur and wants to recommend Mydloski but stated that he will do what the Council sees fit in terms of whom will be appointed to this role. Fraser opened discussion from the Council. Seltzer supported Fraser's decision to appoint Mydloski as he trusts his opinion. Moenck pointed out that it was her understanding that the position was to be made public. Moenck further said that any candidates should be vetted and interviewed. Moenck stated that she did not feel that the process was transparent to the public. Moenck suggested engaging the personnel committee along with Fraser's support. Gordon agreed and suggested that the Council ramp up a search to see if other candidates can be found that could provide others to be considered in order to obtain the best candidate. Fraser will move forward as the Council recommends. Seltzer suggested that the job opportunity be posted to the community. Moenck mentioned that we needed a qualified, not only an interested, candidate.

Fraser asked Staran to comment on the Charter requirements for an unelected Village Clerk. Staran mentioned that the Charter was amended in August by vote approval for the Clerk to become an appointed position. He further explained that as November 16, 2020 we will no longer have an elected Clerk, as Pulker is retiring. It will be necessary for the Council to appoint a Clerk.

Fraser commented that Heather Mydloski was employed as an "experiment" to help with the transition process of Pulker retirement and to learn the Clerk position to see if it was a good fit for her. Fraser stated that he had planned to recommend Mydloski but yielded to the Council's direction as he desired to identify and fulfill the Council's expectation.

Seltzer praised Fraser and stated that he trusts his recommendation of Mydloski.

Moenck stated that she felt that the position needed to be opened to the public as there were very strong public opinions on appointing a Clerk, and in order to capture the best candidate. She further mentioned that the personnel committee would vet the candidates. She stated that to go from an experiment to a recommendation was not the best way to proceed. She was clear that her comment was nothing against Fraser or Mydloski but rather what is a public expectation.

Gordon agreed that the search should be opened to make sure that Mydloski is indeed the best candidate for the Clerk.

Fraser stated that no promises had been made to Mydloski and she was aware of the evolving process for a Clerk to be selected.

Seltzer suggested that Pulker post this opportunity in her newsletter and for the Personnel Committee to vet all candidates.

Moenck stated that the Clerk needed to be qualified not simply interested as their will be “Big shoes to fill.”

XI. UNFINISHED BUSINESS

A. Discussion: Public Water.

Fraser commented on a survey draft that is currently in the vetting process. Fraser is working with a group of talented individuals who are collaborating on how to proceed and obtain the maximum desired results. Fraser said it will be a couple of weeks until the survey is ready so feedback can be received for the Council.

Public Comments on Public Water

Fraser reported on the progress so far, with announcements of the upcoming survey and other informational distribution.

Josondra Notter asked how it can be posted for volunteers. Notter wanted to offer her skill set and professional feedback to help with the process. She would like to see if other Villagers, who may have those skill sets, could be of help.

XII. RESOLUTIONS/ORDINANCES

A. Consider a Resolution to Adopt Rules for Electronic Meetings (first reading).

Staran clarified that the Open Meetings Act was amended for electronic meetings to extend until the end of the year and then to continue with limitations at the beginning of the year. The Act also requires that we have rules established. Staran mentioned three (3) discussion points to mention. One (1) is his suggestion of a 3-minute time limit on public comments to keep consistent with our current process, it is not required. Two (2) Do we want to allow public comments at the public comment section only or continue with allowing the public to speak throughout the meeting? Third (3) The OMA authorizes but does not require a chat or email function during the meeting. Staran mentioned it can be discussed but not approved until the next meeting.

Gordon asked about the level of absences and how that would affect the meeting? Staran clarified that after January 1, 2021 we will not be able to have the council meeting via Zoom unless another emergency order is enacted. There are only two criteria for exemption: military service or for a medical reason. Staran is hoping that the order will be extended as the pandemic is still an issue of concern.

Hansen clarified that Staran was asking the council to consider his three (3) suggestions as he feels it is prudent in continuing with a virtual format. She discussed the use of Chat and the duration of public comments to have time limit. She suggested that the President should have the option to reduce the time based on the number of participants.

Saenz commented on the length of meeting by allowing public comments and suggested that they should be up front for them to have their voice heard and not have to wait until further in the agenda to speak.

Gordon asked for a two (2) minute time limit for public comments.

Seltzer seconded Gordon.

Lamott stated that he did not see a need for a hard, fast rule to limit public comments as he welcomed open discussion at any point. He further mentioned that the virtual audience would be a good idea when meetings are back in person as it fosters more public interaction. Staran commented that flexibility with the duration of comments has been instituted to accommodate relevant modifications to public comments by the Council.

Saenz mentioned that he still felt that two (2) minute time limit for public comments was an appropriate time limit unless extended by the President. He agreed that the public comments should be at the front of the meeting.

Gordon added that the public can adequately state their comment within two (2) minutes but worthwhile to have the flexibility of an extension.

Hansen asked for a motion to approve the Rules for Electronic Meetings.

Gordon suggested adopting the rules and amending the motion to include a two (2) minute time limit for public comments, unless the Chairs deems longer, and to for public comments to be placed at the beginning of the meeting.

Lamott stated he was unsure if limiting the public comments to only one place would be prudent.

#2020-90 Motion by Gordon, seconded by Seltzer to Consider a Resolution to Adopt Rules for Electronic Meetings as amended, in its first reading, as follows:

VILLAGE OF FRANKLIN, MICHIGAN

RESOLUTION TO ADOPT RULES FOR ELECTRONIC MEETINGS

WHEREAS, the Michigan Open Meetings Act, MCL 15.261 et seq. was recently amended by the adoption of Public Act 228 of 2020 to permit the remote attendance by members of a public body using telephonic or video conferencing means; and

WHEREAS, the Village Council desires to continue to meet and conduct the public business of the Village in a manner that permits both the general public and members of the Village Council and other Village boards and commissions subject to the Open Meetings Act to participate by electronic means.

THEREFORE, IT IS RESOLVED by the Franklin Village Council that the Rules of Conduct, as codified in Chapter 220 of the Codified Ordinances, are hereby amended to add the following provisions:

ELECTRONIC MEETINGS

Rule 31. ELECTRONIC MEETINGS AUTHORIZED

The Village Council may meet and conduct its meetings, in whole or in part, by electronic means using telephone conferencing or video conferencing technology without regard to physical place and physical presence requirements, in accordance with Section 3a of the Open Meetings Act, MCL 15.263a, as amended, through December 31, 2020.

Beginning January 1, 2021 through December 31, 2021, Village Council meetings may be held, in whole or in part, by electronic means using telephone conferencing or video conferencing technology due to circumstances requiring accommodation of any Village Councilmember absent because of military duty, a medical condition, or when a declared statewide or local state of emergency or state of disaster exists and the personal health or safety of members of the public or public body would be at risk if the meeting were held in person. As used in these Rules, the term “medical condition” means an illness, injury, disability, or other health-related condition, including the quarantine or isolation of a Village Councilmember to minimize the spread of a contagious disease.

Beginning January 1, 2022 members of the Village Commission may participate by electronic means in Village Council meetings only to accommodate their absence due to military duty.

Rule 32. CONDUCT OF ELECTRONIC MEETINGS

An electronic meeting of the Village Council will be conducted in a manner that permits two-way communication so that members of the Council can hear and be heard by one another, and so that public participants can hear members of the Village Council and be heard by both the Council and other public participants during the Public Comment period. The Village may use technology to facilitate typed public comments submitted by members of the public participating in the electronically-held meeting that shall be read to or shared with members of the Village Council and other participants.

As permitted by the Open Meetings Act, a physical place is not required for an electronically-held meeting. Members of the Village Council and members of the public participating electronically in a meeting that occurs in a physical place are considered present and in attendance at the meeting for all purposes. For a meeting at which Village Councilmembers are physically absent due to military duty or a medical condition and who are being accommodated by remote participation, all other Village Councilmembers must be physically present at the meeting to be able to participate.

In addition to any other notice required by the Open Meetings Act, advance notice of an electronically-held meeting shall be posted on a portion of the Village’s website that is fully accessible to the public. The public notice must be included on either the home page or a separate webpage dedicated to public notices for non-regularly scheduled or electronically-held public meetings that is accessible through a prominent and conspicuous link on the Village's website home page that clearly describes its purpose for public notification of non-regularly scheduled or electronically-held public meetings. Any scheduled meeting of the Village Council may be held as an electronic meeting as permitted by the Open Meetings Act if a notice consistent with this Rule is posted at least 18 hours before the meeting begins. Any notice of the meeting of the Village Commission held electronically must clearly contain all of the following:

- (a) Why the Village Commission is meeting electronically;
- (b) How members of the public may participate in the meeting electronically (if a telephone number, internet address or both are required to participate, that information must be provided in the notice);
- (c) How members of the public may contact members of the Village Commission to provide input or ask questions on any business that will come before the Commission at the meeting; and
- (d) How persons with disabilities may participate in the meeting.

If an agenda exists for an electronically held meeting of the Village Council the Village shall, on a portion of its website that is fully accessible to the public make the agenda of the meeting available to the public at least 2 hours before the meeting begins. This publication of the meeting agenda does not prohibit subsequent amendment of the agenda at the meeting.

A member of the general public is not required to register or otherwise provide his or her name or other information or otherwise fulfill a condition precedent to attend an electronically-held meeting, other than mechanisms established and required by the Village necessary to permit the individual to participate in a public comment period of the meeting.

Members of the general public otherwise participating in an electronically-held meeting of the Village Council are excluded from participation in a closed session of the Village Council that is held electronically provided that the closed session is convened and held in compliance with the requirements of the Open Meetings Act applicable to closed sessions.
