V. REPORTS OF VILLAGE OFFICERS AND AGENTS

Police Chief Glomb referred Council to his written report previously submitted. Glomb reported on a breaking and entering incident, where an individual broke into a Bingham Farms home. Glomb stated that the Police were still investigating. Glomb also stated that a possible break in occurred in Nottingham near Woodlore, either Friday night or Saturday morning, where a screen on a window had been cut. Glomb wanted to encourage the Village residents to pay attention and lock doors to their homes and cars. Glomb gave a brief overview of the year-end Police report that had been distributed to Council, stating that 2004 was an excellent year for the Village. Glomb stated that there were less major crimes committed in 2004 than in the previous 23 years. Glomb noted that one possible reason for the drop in major crimes was an increase in phone calls from residents reporting suspicious activity. Glomb finished his report by thanking the full time officers and reserve officers for their efforts. Responding to a question regarding misprints in newspaper articles in which Franklin and Bingham Farm are confused, Glomb stated that the Police Department had sent a press release, stated that the event had occurred in Bingham Farms, and that he would speak to the newspaper about the issue. Sosin stated that he would like to see photos of the officers in the annual report in the future.

Fire Chief Tony Averbuch referred Council to his written reported and stated that the Fire Station additions were reaching the final stages, and that there would be a report on the landscaping around the Fire Station in the near future. When asked, Averbuch stated that the new full time employee was working very well, and that because of the additional personnel, the Fire Departments response time had dropped even lower, to just under five minutes.

Treasurer Dominick Schiano stated that he had reviewed the bills list and recommended that they be approved. Schiano stated that his plan was to make all of the budget adjustments at the June 2005 Council meeting in order to enable all necessary plus and minus adjustments to be made only once for the Fiscal Year. Schiano congratulated Council on the quality of the budget management. Schiano concluded his report by congratulating Sosin on his service to the Village and his retirement.

VI. SUBMISSION CURRENT BILLS
Motion by Coyer, supported by McElroy, to Approve the Bills List as Submitted.

TOTALS

Jahnke asked about an item for a pressure sewer refund on page three of the bills list, noting that the amount of the refund was odd. Clerk Pulker stated that the Oakland County Drain Commission had found that some parts of the old pump were still functioning for this particular re-installation and the cost was lower, explaining the odd amount for the refund.

Absent: Gallasch
Motion carried.

VII. PUBLIC REQUESTS AND COMMENTS

No comments were stated at this time.

VIII. SPECIAL REPORTS
A. President’s Report, Mark Jahnke, Village President

Jahnke made brief comments about the plan of government. Jahnke stated that several years ago the Village Council looked at initiating the Village Manager form of government, and rather than use the Village Manager form of government, a Village Administrator form was chosen (which was not quite as big step as a Village Manager format). Jahnke added that it had been found that there were fewer Villagers stepping forward to volunteer and help with running the Village, and the Council could not manage all of it alone. Jahnke stated that
in 1998 the Village Council approved an ordinance to set up the Village Administrator form of government. Jahnke stated that there was still a severe lack of volunteers around the Village, referencing recent concern over continuation of Franklin Community Association events. Jahnke stated that he was extremely happy with the Village Administrator form of government, and that he was also happy with the Police Department Chief and the Village Clerk. Jahnke stressed that even with all of the support, the Village Council still had a very important function. Jahnke also stated that he got along well with Village Administrator Stoppels, Police Chief Glomb and Village Clerk Pulker. McElroy stated that the Village Administrator did answer to the Council, so the Council did have a lot of power still. Jahnke added that until the Village Council decided to revise the Charter and go to a Village Manager form of government, that the President of the Council would still be the CEO of the Village.

B. Budget, Fiscal Year 2005-2006, Jon Stoppels, Village Administrator

Stoppels referred to the proposed budget and noted the changes in the proposed budget as compared to last years budget. Stoppels noted a rise in taxable value in the Village, but that the total millage dropped about a quarter of a mill due to Headlee reductions. Stoppels stated that most funds and departments had increased budgets needs. Stoppels also showed a five-year comparison of general fund revenues and how much Headlee reductions were affecting the Village finances. Coyer asked about a reference Stoppels had made to the Fire Department Fund as a sinking fund. Stoppels stated that there was no sinking fund in the Village, but since the millage rate is higher than the actual needs of the Fire Department, that the additional funds would be reserved for future needs. Stoppels stated that some time in the near future the needs of the Fire Department may exceed the taxable income allowed by Headlee, and the additional funds that were saved may be needed. Jahnke asked about the Pressure Sewer Debt Service millage, and whether the newly proposed budget took into account any use of the Pressure Sewer fund balance. Stoppels stated that it did not, and he continued by explaining why there was such a high balance in the fund. Stoppels also stated that the Village could take advantage of that additional money and pay off the debt owed on the Pressure Sewer system over time, or wait until the total amount was due and pay it off in one lump sum, either of which would help to lower the millage rate.

C. “WIRELESS OAKLAND” POSSIBLE PARTICIPATION

Lamott stated that in mid April, he and Clerk Pulker had attended a conference for Oakland County during which a large project was proposed to set up basic wireless internet over all of Oakland County at no cost to County residents. Lamott recommended that the Council pass a resolution to apply for access to the pilot program with Oakland County, and then be prepared to supply the County with information on the best locations to place the equipment in the Village. Coyer noted that in citing the assets that were available in the Village for wireless

connection, that the equipment placed by Clearlinks and the proposed cell tower project from Sprint should be noted, stating specifically that the equipment set in place by Clearlinks could be compatible with the proposed equipment required for the “Wireless Oakland” project. Jahnke noted that the County had several communities in mind and asked how many communities would be connected. Lamott stated that there would be a total of three communities connected in the pilot program, and that the project for the entire County is scheduled to be completed by the end of the 2006 calendar year.

D. Sprint Wireless Service Proposal Status

Stoppels stated that Sprint had sent a proposal to the Village for an 80-foot wooden pole cell tower and that he had directed Sprint to submit a formal site plan for that proposal. Lamott stated that the Clearlinks equipment was completely installed throughout the Village, and that Cingular and AT&T were placing equipment into the base hotel located in a nearby community and that cellular service should be available by the end of the month.

F. Consider Traffic Order for Parking on Carol Street

Jahnke asked if the current sign system could be changed, reducing the number of signs. Stoppels stated that that could certainly be addressed and that it would be possible to "bag" signs when events warrant the extra parking necessary. Glomb
stated that the system worked well enough, but people did not heed the signs all of the time, and gave possible suggestions on how to improve the system keeping in mind the need to allow access for Police and Fire vehicles at all times. Stoppels stated his belief that the signs were working and that people were obeying the signs overall, but the number of signs could be reduced if necessary. Lamott stated that overall there were too many signs in the Village and that the Council should take the time to evaluate signage throughout the Village.

G. Consider Appointments to Village Liquor Control Committee

Jahnke stated that in order to follow the Village Liquor Control Ordinance, the Liquor Control Committee is required to be a standing committee, and will subsequently perform those reviews necessary and report findings back to the Village Council.

McElroy stated that Trustees Lamott, Gallasch and Harnisch were recommended for the negotiating team.

Sosin stated that any three persons on the Council would do an excellent job in negotiating with the police officers and that he felt that any outcome would be a fair and fiscally responsible budget. Sosin stated that it would be his preference that the President of the Village be one of the three on the negotiating team. Jahnke stated that he was the only member of the Council with experience in negotiating with the Police Officer’s and that he should be included in the consideration for the negotiating team.

A. Consider Proposed Bids for the Demolition of the Dwelling at 27170 Gardenway, Franklin

Glen Pavey, 27115 Gardenway, asked whether the Village could make action conditional within a specific window, with a defined end point, so the possibility of demolition would not drag on too long. Staran stated that the Village would give the order to the demolition company after the sixty (60) days formerly stipulated, which would be after June 10, 2005. Staran stated that there had not been any legal challenges, but barring anything happening, the demolition should be completed in a timely basis.

BE IT FURTHER RESOLVED that a copy of this resolution and expression of civic appreciation be presented to RALPH SOSIN on behalf of the undersigned.

Sosin stated his wish to provide several comments prior to his resignation as follows:
Sosin began by citing that, while there are many accomplishments of this Council over the last almost four terms that he had served on the Council, and stated he in fact preferred to talk to his friends and the audience and give some thanks. Sosin continued stating that rather than he being the one to be thanked, he felt that he was so privileged and gratified to have had this position, that he wanted to thank his friends and to encourage anybody who would be watching the televised
meeting to consider running for the Village Council because it is so terrific. Sosin added that he had served on many committees during his lifetime (the Birmingham Board of Education, Bar committees, and several others) but that this Council seat has been the one most gratifying position that he had ever held in terms of being able to set policy and accomplishing goals. Sosin continued asking, "Why do we do this?" to which he responded that Jo Saltzman used to say, "For the money and the glory". Sosin added that for those listening, there was no money, the Council is paid $1.00 per meeting and the glory as Jim Pikulas used to say, is that Eighty % of the people who live in this Village have no idea who the Council members are and if they do, it is usually because they have a complaint about what the Council does. Sosin stated his belief that the common thread among his friends on the Council are their love of the community, and while everyone does not always agree on everything, he believes that they all agree on their love of the Village and what is done by the Council is what the Council feels is in the best interest of the Village. Sosin stated that he and his wife Anita had moved to the Village forty-one and 1/2 years ago, and they loved Franklin then and continue to do so. Sosin urged the Council to keep up the good work.

Sosin added that he wished to thank individuals as follows:

- Eileen Pulker, our terrific clerk who runs things so efficiently but with always a sweet smile and a pleasant outlook and added that she and her staff were really terrific.

- Dom Schiano, Treasurer, just gives such great pleasure when at each Council meeting to get up stating "my customary brief report", because a know that it has been done in a professional and careful way which gives him great confidence about the accuracy of the books and how he does his work which he does in a nice easy manner.

- Fire Chief Tony Averbuch and his excellent staff.

- Police Chief Ed Glomb, his good friend with whom he has been friends many more years than the time he has served on Council and intends to remain so, and the entire Council is very proud of the police department.

- Jon Stoppels, Village Administrator, is a man who operates in a very unassuming, under the radar kind of approach, no self grandizement about him, but this Village hums under his authority and administration and he hopes that Jon stays with the Village for a long time.

- Which leaves Council, while sitting here this evening, listening to the comments, the expertise that flows from each one of them, the Village of Franklin is so lucky to be able to call upon a pool of dedicated volunteers to do what they do. The graduate degrees would total sky high if they were to be
added up for this wonderful group. Sosin added that he hoped that respect and collegiality rule in the future.

Four other people to mention:

- Whit Jones, whom he did not have the pleasure of serving under, but always followed his wisdom, he being one that had probably every job possible in this Village, President of the Council, Southfield Township Trustee and many more, and continues to put forth his efforts for the Village and continues to do a wonderful job.

- Jim Pikulas, served in the role of the Village Council President for a number of the years that he served on the Council up until this past year. A lot of energy and always in the spirit of doing what he thought was best for the Village.

- Jo Saltzman, a special lady whom he called his mentor, who was here in Franklin before him and led the way for him on many of the things he worked on like the PTA and she is the reason he served on the Board of Education, very smart, dedicated lady that he loved working with.

- John Staran, very important, very lucky in his opinion to have, and as another attorney, very terrific, wonderful to work with.

Jim Stevens, 25700 Meadowdale, stated that he appreciated all of Sosin's service to the community. Stevens added that in between attending meetings and watching them on television he always noticed that Sosin provide an extraordinary level of respect and civility to both other Council members and the citizens and that there has been a significant touchstone of Sosin's tenure always providing a balanced, careful, and complete review which has done the Village well. Stevens opined that that is not always understood by the casual observer and added his thank you.

Jahnke stated that he had the pleasure of serving with Whit Jones, Jo Saltzman, Art Saltzman, and many others and noted Sosin is one in a million, that he appreciated all of Sosin's wisdom over the last twelve months that he has served with him, and added that for everyone (not only up here but families and spouses) contribute a lot of time and have to keep many other balls in the air while Council has fun over here, so thank you. Jahnke added that he would now call for a reluctant vote of acceptance of the resignation which Fred Gallasch asked him to say.

Ayes: Lamott, Sosin, Harnisch, Coyer, McElroy, Jahnke
Nays: None
Absent: Gallasch
Motion carried.
Sosin closed by stating to all of you, thank you.
Sosin stated that he considered himself officially resigned, left his seat at the
Council table, and retired to the public seating.

XIII. COUNCIL RESIGNATION
   A. Consider Council Trustee Resignation/Replacement

McElroy announced that Dominick Schiano had been chosen to complete the
remainder of Trustee Sosin’s term. Coyer expressed a concern over the last
resolution, for Trustee Sosin’s retirement, stating that he felt it did not establish an
official resignation. Staran stated that the intent was expressed and that no
additional comments were required, but if the Council felt a need to include that
in the resolution on the table, then they could do so. Harnisch stated that it has
been a pleasure working with Treasurer Schiano, and that he was an excellent
choice to replace Trustee Sosin. Jahnke stated that he totally supported Schiano’s
appointment to the Council, but that he would abstain from voting on the
proposed resolution, because he had not been prepared for the resolution and had
expected it to occur in the June Council meeting.

#2005-38 Motion by McElroy, supported by Coyer, to Accept Trustee
Sosin’s Resignation and to Appoint Dominic Schiano to complete the
remainder of Trustee Sosin’s term, a temporary appointment, which would
begin immediately and end on September 26, 2005.
